About Access411's Executive Team

William F. Morrison III
Chief Executive Officer & President

Mr. Morrison was an educator in urban at-risk school environments for more than 30 years. Working in conjunction with researchers at the Johns Hopkins University and administrators and teachers at a Baltimore high school, he planned and implemented the first Ninth Grade Success Academy and acted as its principal for two years. He also was director of the Twilight School, an afternoon alternative school for severe at risk and incarcerated students. Prior to joining Access411, Mr. Morrison also worked as a consultant to Johns Hopkins University in a number of large comprehensive high schools and has co-authored five books including Creating a Ninth Grade Academy, the Planning Year, and Create a Twilight Academy. Mr. Morrison worked extensively in high schools in Washington DC, Baltimore, Philadelphia, Newark, and New York City.

Erick S. Johnson
Executive Vice President

Mr. Johnson serves as Executive Vice President for Access411. In this leadership role Mr. Johnson is responsible for all marketing and software development initiatives within the company. He also oversees strategic partnerships with leading companies in the marketplace and is a member of many marketplace committees and organizations. In addition, Mr. Johnson serves as the Project Director for the DC Metro region customers. Mr. Johnson works closely with school district leadership to allow Access411 to best serve their customers. Mr. Johnson has 14+ years of experience in the Information Technology industry. Mr. Johnson has held Director of Information Technology, IT Manager, Engineer, and Administrator positions at several large companies and government institutions.

Annette Crist, P.P.M.
Executive Director of Operations

Ms. Crist is a member of the company's leadership team and is also the chairperson of the company ethics committee. Ms. Crist oversees and manages all customer support and field services, including its help desk. Ms. Crist is also responsible for installation and training for new and existing customers. Ms. Crist has received formal training on AS400, various Microsoft products, and various IBM solutions, and is certified by the AMA on technology management. Ms. Crist possesses over 20 years of experience in technology and project management.

Vice President, Information Technology

Mr. Sarver provides leadership to the Access411 technical team that is for new school district installations. As a member of the company leadership team, Mr. Sarver leads many new school district efforts. Mr. Sarver has 15+ years of experience in the Information Technology industry. Mr. Sarver has held IT Administrator, Project Director and Project Manager Positions at several companies overseeing all aspects of the technology projects he's been involved with including projects for SC Johnson, Wells Fargo, Adecco, Nortel, AOC, Donegal, McCrory's, Primex, AMP, PA State Education, and Unisys to name a few. Mr. Sarver has personally been responsible for managing and implementing numerous Delivery, Internet and Application projects.

Cosimo "Gus" Liberto
Director of Customer Relations

Mr. Liberto serves as Director of Customer Relations, oversees customer advocate support, technical and enhanced training. Mr. Liberto also manages customer relationships, formation of user groups, and creation of customer surveys. Mr. Liberto possesses over 42 years of experience in the Information Technology industry. Mr. Liberto has held Customer Support Manager, Business Manager, and Operations Manager positions. Mr. Liberto is certified in TSS and SASI, student information software systems.

About Access411

Access411 provides software solutions and services, focusing exclusively on the needs of K-12 schools. Access411 offers a turnkey solution named Comprehensive, Attendance, Administration, and Security System (CAASS), that includes software, hardware, installation, training, and ongoing customer support. CAASS provides solutions to many of the challenges facing educators today, such as attendance, building and cafeteria access control, weapons detection, student progress and grade reporting, textbook management, BusScan, and student information management and analysis. More than 500,000 students use the CAASS solution daily.

Access411's breadth of experience spans from large school districts like New York City Public Schools to small school districts like Camden, NJ. Founded in 1996 as School Technology Management, the company assets were purchased in June 2006 by Morrison Consulting, Inc. and began doing business as Access411 in October 2006. For more information, visit the company's website at www.access411.com.
